## We Install Year Round!

Whether you waited until the last minute to initiate your fall energy efficiency project, or want to get a jump on a spring window or door project, Penn Windows & Doors installs all year round! There's no need to "wait till the spring" for your new energy efficient windows or fabulous new door and sidelites. The truth of the matter is that your windows and doors are only out of their openings for minutes while the installer prepares the opening for your new products. We make every effort to close off other rooms of the house and work quickly so your home stays warm and dry. Of course we keep safety in mind – we don't install in extreme cold, during snow storms or when we have ice covered walkways and roads, but that's a surprisingly small number of days December through February. It's not odd to have a few weeks of 50 degree days with warm sunshine over the winter! Lead times are generally shorter during this time as well – our manufacturers can get us your windows and doors faster, so your wait time is down to 4 – 8 weeks (we're currently at 8 – 10). We also offer 12 month no interest financing so you can use your tax return in the spring to pay off your purchase (plus you only put down a 10% deposit when you use the financing). In closing, our installers want to work! So this fall and winter think about getting your home more energy efficient and beautiful with Penn Windows and Doors.

## Company Update

What an Open House this year! It was so wonderful that our customers and friends were able to join us for a fantastic afternoon of delectable food and marvelous prizes. I'm so glad Andy, Germaine, my dad and I were able to talk to everyone and answer questions about our blinds and shades, as well as our windows and

This is the last newsletter of 2017, so a few notes in closing. First, be sure to check our websites or facebook pages for holiday store closings. In addition to the usual, we're closed for 3 or 4 Saturdays between December and January (family Christmas parties!), I apologize for any

doors. It was great to see customers discover everything we have to offer. As usual, the food by Voracious Catering and desserts by La Dolce Vita were delicious. I look forward to kicking that up a notch next year when we have our 70 year anniversary celebration! And as promised, my dad provided a selection of wines from his "wine cellar." I enjoyed introducing some of you to my favorite wine – Sir Walters Red (Franklin Hills Winery)! Our raffle prize winners were Erin C. of Allentown, Wanda R. of Pen Argyl, Lisa R. of Allentown, Mike & Debbie B. of Whitehall, Bernadette M. of Bethlehem, Gail S. of Bethlehem, Maryellen O. of Bethlehem, and Roseanne S. of Allentown.

We had a photographer present before and during the first hour of the Open House. Look for updated photos of everyone on pennwindows.com and richards-design.com, as well as our facebook pages.

inconvenience. Also, for those of you with remote controlled shades, Hunter Douglas recommends you use EverReady Alkeline batteries. They have tested several brands and find these hold up best against heat and corrosion. Any questions, issues or suggestions please call 610-433-4196 or email me at [erin@pennwindows.com](mailto:erin@pennwindows.com). And finally, have a happy and safe start to 2018. I wish you, your family and friends all the best this holiday season and I look forward to hearing from you!

The rules of the game are simple: each of the nine blocks has to contain all the numbers 1-9 within its squares. Each number can only appear once in a row, column or box.

The difficulty lies in that each vertical nine-square column, or horizontal nine-square line across, within the larger square, must also contain the numbers 1-9, without repetition or omission.

Every puzzle has just one correct solution.

# Thanks for the kind words!

"Dear Penn Windows: Andy, Erin, Rick and especially Mauricio – we just wanted to say thank-you for a job well done, from beginning to end. Your company was a pleasure to deal with from the moment Andy answered all our questions and concerns until Mauricio completed the last caulk seam. We love our new windows and doors and are so glad we chose a local family owned business to deal with. Mauricio was especially attentive to all of my husband's concerns and his work is to be commended! And what a nice man to work with as well. We will certainly never hesitate to recommend Penn Windows & Doors! Thanks so much!"

**Debbie & Mike B. of Whitehall**

"With the weather starting to get colder I can hardly believe the difference around the windows! No drafts when the shades are down. Don't know why I waited so long! Richards is the greatest and I wouldn't have anyone else!! Thank you very much!"

**Roger & Peg F. of Allentown**

"From beginning to end, any & all folks from Richards Window Fashions involved with this project were top notch. And the product is fantastic!"

**Elsie N. of Easton**
