

Penn Windows Turns 70!

It's hard to believe that Penn Windows has been around since 1948! One of the millions of post World War II businesses to open its doors, Penn Windows (at that time – Penn Aluminum Construction Co.) thrived and grew, eventually building the store and warehouse in 1951 that we're still in today. Back then they were selling aluminum siding, windows, storm doors and awnings, as well as steel doors. Al Beyer and his brother Stan ran the company through the mid 1990's. We purchased the company's assets in 1999 from Al's estate. This year, 2018, marks the 70th year of business for this Lehigh Valley

institution. We've updated and streamlined our offerings, selling vinyl replacement windows, high-end fiberglass and steel entry doors, storm doors, as well as blinds, shades and shutters through our sister company, Richards Window Fashions. My father and I are looking forward to many, many more years to come.

Celebrating our 70 years in business, we're raffling off \$1,948 to any customer who purchases between Jan. 1st and our Open House on September 27, 2018. Any purchase from either company qualifies. You do not need to be present to win (but we sure hope you are!). This year's Open House will be even bigger and better – featuring some 1948 surprises, more seating in the warehouse and live music.

Check out the front of our store! Celebrating our 70 year anniversary with the Penn Aluminum service man pictured above! There will be pictures on our facebook page and website as well.

Andy's Five Year Anniversary!

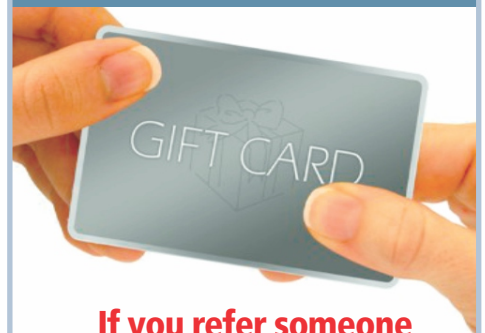

We want to congratulate Andy Scott on surviving 5 years on our staff! In this day and age, 5 years is a very long time to work for *any* company! The unique situation of working for a small family business and being responsible for many additional little things (like taking pictures of projects and sometimes helping an installer set a heavy door or window unit) only adds to our sincere appreciation of his efforts! Andy has excelled at window and door sales, adding blind and shade sales in 2017 with great success. Andy is dedicated to the longevity of Penn Windows and Richards Window Fashions and is an indispensable team member as well as a part of our family. We hope he'll stay with us for *AT LEAST* another 5 years!

Company Update

What a winter! I'm sure we're all ready for a beautiful spring and even nicer summer. Lots to look forward to on this, our 70th year of business. First of all, I hope to see you all at this year's Open House on Thursday, September 27th. The Open House has grown every year, so this year we go straight through the building into the warehouse to accommodate more guests and live music. Don't miss this great event with fantastic food, prizes and hard cider! Look for more information throughout the year.

ProVia has added some beautiful new glazed finishes to their Signet fiberglass door series. This is a very unique process available in 2 traditional stain colors, as well as grey, green and blue. See our showroom display!

Keep up to date with new Hunter Douglas offerings in April on our facebook page and richards-design.com

In an effort to simplify and eliminate paperwork and postage, we will no longer be sending surveys and warranties after your project. Please review us on Angie's List, Google or on our facebook page. All

warranties are on our websites as well as the manufacturers'. But remember – call the office for any/all warranty questions or services. We order your parts and schedule installation. You do not have to send anything in to activate any warranty for our products. Our services warranties are also online.

Spring is here! Don't wait to order your windows and door folks – we're currently at 8-10 weeks for installation! And remember, if we're installing windows, you need to cut back shrubbery and trees around your house. Our installers will be as careful as possible, but they need room to work and clean up the job site. Also, please be aware of any bee or wasp issues around your home. We want our installers, as well as your children and pets, to stay safe.

Enjoy the warmer weather!
And as always, I look forward
to hearing from you!

Erin Duffield

The rules of the game are simple: each of the nine blocks has to contain all the numbers 1-9 within its squares. Each number can only appear once in a row, column or box.

The difficulty lies in that each vertical nine-square column, or horizontal nine-square line across, within the larger square, must also contain the numbers 1-9, without repetition or omission.

Every puzzle has just one correct solution.

Thanks for the kind words!

"We were very satisfied a few years ago when we had a sliding door installed, and extremely happy with the new windows. We will continue to recommend Penn Windows to our neighbors and friends. Thank you again!"

Dave E. of Northampton

"I have been a customer of Penn Windows since 2003. I was completely satisfied each time. I would recommend Penn Windows to everyone and in fact have done so many times over the past 15 years."

Mary M. of Bethlehem

"Everyone I spoke with was very knowledgeable, professional and courteous. Andy even put up with my urinating cat! The pre-construction letter was very helpful about what to expect on my project. My doors look perfect. The installer was very clean – it looked like no one was even there. Thank you! I am very happy and will recommend you to everyone I know."

Carol S. of Whitehall

"Andy Scott was very pleasant and easy to work with. Installers were a great bunch of guys. On time, very efficient. Project estimated to take 2 days, but they got it done in 1."

Linda W. of Bethlehem

Baked Turkey Meatballs

| 1 pound lean ground turkey | 1 cup dry bread crumbs |
| 1 small yellow onion, finely diced | 1/2 cup grated Parmesan cheese |
| 2 garlic cloves, minced | 1 teaspoon red pepper flakes |
| 2 cups finely chopped fresh spinach | 3-5 dashes of Worcestershire sauce |
| 1 egg | Salt and pepper to taste |

Preheat oven to 425 degrees. Line a baking sheet with aluminum foil (or parchment) sprayed with vegetable oil. In a large bowl, combine all ingredients. Mix well with your hands.
